

Forester

Position Description

Context

Role	Forester
Manager	Senior Forester (or as otherwise determined)
Division	Operations – Community Forestry
Location	Creswick
Tenure	Ongoing
Career Level	Career Level 3

Primary Objectives

Organisational	<p>VicForests is a State-owned business responsible for the sustainable harvest, regeneration and commercial sale of timber from public forests on behalf of the Victorian Government.</p> <p>We undertake all operations in a safe, efficient and sustainable manner, keeping our staff, the community and the environment in mind in all we do.</p> <p>We are an active member of the communities in which we operate and are committed to giving stakeholders the opportunity to have input into our forestry practices.</p>
Role	<p>Largely field based, the role contributes to the management of reconnaissance, operational planning, scheduling, risk management, roading, harvesting and coupe regeneration operations in line with legislative requirements and business objectives. Field work will be balanced with time in the office to assist with planning and reporting of field work. The role involves working closely with other Foresters to achieve operational outcomes for the team and having responsibility for key tasks.</p>

VicForests Values

SAFE	We aim for zero harm in all that we do
SUSTAINABLE	We respect and care for our environment and the communities in which we operate
PROFESSIONAL	We operate in an ethical, efficient and accountable manner

CUSTOMER FOCUSED

We are fair and transparent in our commercial dealings

RESPECT

We treat others in a manner that we would like to be treated and are respectful of the Traditional Custodians of the land upon which we work

Key Result Areas

The KRA's are the major outputs for which the position is responsible for and are not a comprehensive statement of the position activities. You may, however, be required to undertake other duties and responsibilities from time to time, in addition to or as variations of the duties and responsibilities of the position.

- Conduct inventory/reconnaissance programs, carrying out detailed investigation of defined areas to determine strategies for accessing, harvesting and regeneration in line with regulatory requirements.
- Assist in preparation of the Timber Utilisation Plan by undertaking inventory/reconnaissance programs, carrying out detailed investigation of defined areas to determine strategies for accessing, harvesting and regeneration.
- Engage with VicForests staff, DELWP (Department of Land, Water and Planning) and stakeholders regarding coupe specific issues to resolve local issues.
- Prepare coupes for harvest, including; preparation of the forest coupe plan, field marking of trees and boundaries, undertaking biodiversity field inspections and managing special values at the coupe level.
- Supervise Licensees and contractors, including; auditing compliance and undertaking log grading.
- Supervise seed collection contractors, including preparation of seed collection plans and auditing contractors' compliance with codes of practice, regulations, prescriptions and other relevant legislation.
- Provide operational advice to the Senior Forester, other staff, stakeholders and the general public.
- Provide input to Community Forestry's strategic direction to optimise individual and team performance through training, development and performance management.
- Manage and assist with projects to ensure they are delivered on time and on budget, including provision of input to the development, implementation and monitoring of a range of commercial forestry plans.
- Assist other team members, as required, with tasks including reconnaissance, review of operational plans, field marking, coupe burning, fire suppression and auditing.
- Undertake any duties and responsibilities to meet the requirements of the team or broader business.
- Ensure sufficient knowledge and understanding of corporate policy and practice to undertake all tasks to corporate standards.
- Identify and implement opportunities for continuous improvement and business development.
- Perform duties in a manner that ensures the health and safety of yourself and others. Ensure that all incidents and hazards are reported in a timely manner.
- Take responsibility for performing the role in accordance with all relevant system requirements.
- Identify and communicate risks and ensure risk management processes are followed.
